

MONIER LABORATORY & TECHNICAL SERVICES

Monier Laboratory forms the heart of our quality system, ensuring all our products conform to relevant Australian standards and methods. Operating under a PNLAS accreditation system, which is equivalent to NATA in Australia. Monier's procedures and processes are regularly audited to ensure high quality testing at all times.

REGULAR TESTING

Monier conduct regular testing to relevant Australian standards to monitor performance of our products and this sets us apart from our competitors ensuring our customers get the highest of quality every time and on every project.

TECHNICAL DEPARTMENT

Our technical department has significant experience in construction materials with specialist advice available as required to tackle complex and demanding projects.

TECHNICAL REPORTING

Monier can sample, test and report on concrete, asphalt, aggregates, road bases and soils with a strong knowledge of how these products may be used in successful construction. Give us a call and we will show you why Monier is the Mark of Quality.

MONIER LABORATORY & TECHNICAL SERVICES

PRODUCT NAME:

Monier Laboratory & Technical Services

MANUFACTURER:

Monier Limited

Saraga St, 6 Mile, P.O Box 734,

Port Moresby, Papua New Guinea

Ph: 675 325 3344 | Fax: 325 3389

Web: www.monier.com.pg
